## BELLE GLADE WON'T RUST AWAY!

Despite rumors that some of the candidates for the job of City Commissioner would stop all improvements on streets, reduce the police force, let Nature drain the place, use what septic tanks we now have - with their overflowing - throw out the City Manager, give him his three hats back - in short, sit down, cut expenses, do away with taxes, give us water without spending money on treating it - - -!!!!!!

Yes, despite the election of those who are supposed to run our town without taxes, etc., we're going to have drainage, we're going to have water, we're going to have sewage, we're going to have some sort of Management, we're not going to have taxes, and we're going to repair and build streets and treat the water, and we're going to have a police force.

Some misguided individuals may hamper these things, but they won't stop them.

It's not impossible to stop BELLE GLADE BEING THE SECOND CITY OF THE COUNTY, but it's highly improbable.

Hundreds of thousands of dollars have been brought into the community this year for building and millions more are available, and right soon, if we put in office the men whom we believe will give us a PROGRESSIVE CITY GOVERNMENT.

That can't be done without spending money. Improvement may be made in many ways and mistakes corrected - they can't be eliminated - but be wary of the candidates who are going to take us forward for nothing and by tearing down.

## Registration For School Children

The Pre-School Conference for First and Second Graders will be held Wednesday Morning from nine until eleven o'clock and in the afternoon from two until four o'clock.

Mothers are requested to bring children who are to enter the First Grade to Room No. 1, Miss Margaret West's Room. Those who are to enter the Second Grade should be presented at Room 4, Miss Marie Murphy's Room.

If the child is six years of age on or before December 1st, 1947, he is eligible for entry into the First Grade. Mothers will please bring a Birth Certificate for child entering the First Grade.

All the Elementary children will register from nine until twelve-thirty Thursday, September 4th, and all including High School students, Junior High and Senior High who ride the bus are to report for registration at that time also. Buses will run on Thursday from nine until twelve-thirty.

Local students of the seventh, eighth, ninth, tenth and eleventh grades who do not ride buses are to be registered Thursday afternoon from one until three.

All Seniors are to report for registration at nine o'clock Thursday morning.

No children are to report for classes on Friday, but if there should be some pupil who finds it impossible to register on either Wednesday or Thursday, they may be taken care of on this Friday morning.

Students are requested to report to the following rooms for this registration:

## Football Squad Reports For Pre-Season Training

Around two dozen of the boys who expect to participate in the Golden Ram football coming season, reported at the high school Monday, as called by Coaches Cooke and Cochran. But, the coaches being tied up in school work at West Palm Beach, were not able to keep the date.

However, the boys got out the tuggery of the gridiron ready for use. A number of the team made their appearance during the past month, by doing hard manual labor, by doing the contract for the Manley Corporation, so will not need to take so long a time to get into condition.

Candidates for team positions through the customary drill of rudimentary football, rules and regulations of play, signals, calls, and actual playing formations. Both the old school and new players are not in the best of condition for pre-season playing and conditioning but the lads are working hard for muddy conditions during the regular season.

## Lions Raise Quota For Hospital Repairs

The special committee of the Lions Club having in charge the raising of its quota on the hospital repairs, reported at the meeting Wednesday, August 20, that the sum collected would reach the \$800 mark.

The club also went on record as favoring and appreciating the big Labor Day outing at the Pahokee State Market, and sending communications to the Palm Beach promoters of the event, for arranging the big affair for the Glades.

The trigger of the day was Major Johnson, of the Salvation Army, and the club has been welcome present some, he, for he always brings a heartening and inspiring message. His topic of the day was "The Youth of the World," in which he outlined the great religious movement which the churches and the Army are planning for the present and future years.

He first spoke of the summer camp plan, one of which was recently held at Lake Okechobee, in which boys and girls were entertained and trained, of which number 75 were from Belle Glade. This camp proved a big success. The Army plan is to soon establish a regular camp during the summer vacation days, on a big scale.

Major Johnson also spoke of the Youth Evangelization program, a commission for which has been sent up by the county, for holding Saturday night religious and recreational rallies, which will be at the high school auditorium at West Palm Beach, in September 8th. Glades people are invited.

## Felings Meet Hot Iowa Weather

Mr. and Mrs. Calvin Felings and family, formerly of Belle Glade but now of Greenacres, recently arrived home from a month's vacation trip to Iowa, Dakota and Missouri. Mr. Felings reports that they run into the excessive heat wave covering those states, where the temperature for ten days stood over the 100 degree mark. He saw prospective fine corn crops secured and burned by the heat, which will tend heavily to cut down the corn yield. Iowa farmers have been experiencing rains, flood, winds and heat, but they have suffered heavily from their losses.

## Sportsman's Meet Tonight

President Henry O. Earwood of the Glades Sportsman and Wildlife Club, has called a meeting of the club members at the high school city hall, this Friday night, at 8 o'clock. There is business of importance to all members and a program for future activity on the card for discussion.

## In Alabama Hospital

Mrs. E. D. Barber, who has been in ill health, is now patient in the hospital at Hartford, Ala., near her old town. Her son is also with the grandmother in that place.

## Sportsmen's Club To Hold Fish Fry At Corbin's Deck

Gathering Will Be Held Sept. 19th. As Dues Paying Event

As result of action taken at the Glades Sportsman's and Wildlife League, at its business meeting at the city hall, Friday night, plans were formulated for holding the annual fish fry at Corbin's deck at the lake. The event will be held on Friday night, September 19th, from 4 o'clock on till dark.

Material collected by the club will be used in a comprehensive report of flood control and water conservation in the Lake Okechobee area. The overall plan developed by the Army engineers was put before a public hearing held at Belle Glade, Fla., on June 18. Col. Teale said the plan was to have the lake and the interests of preserving the continued usefulness of Everglades lands and water.

The club went on record as favoring the establishing of the Everglades National park by the Federal Government under plan, and directing the attention to that effect be sent to Governor Caldwell, the Congressional committee on the Everglades, and the County Commissioners.

For Florida to have such a park, which will be the only tropical one in the nation, and add a big money income to the county, is a goal brought to those who would see the wonderful attractions which can be had in the park when fully completed.

The club went on record in favor of the club, and as officer for this district, to make and improve the club, and as officer for this district, to make and improve the club, and as officer for this district, to make and improve the club.

Mr. Jones owns twelve acres in the heart of the city of South Bay, which is the highest center point between the towns of Clewiston and Canal Point, as well as being located on the highway.

Construction of the theatre is to be completed within a short time, so as to be available for the season business.

Mr. Ross has just completed a thirty year colored hotel and rooming house on Avenue "E" in Belle Glade, for Mr. Jones. The building is a twenty room hotel on the corner of Avenue E and Fourth, and will be the completion of the theatre.

## Swimming Pool Expert Looks Over Local Project

W. D. Bryan, of Jacksonville, state engineer of civil and water projects, is expected to visit the State Board of Health, was a guest of City Manager Henry O. Earwood, Monday night, at 8 o'clock. He came to give consultation service in connection with the proposed swimming pool project at Belle Glade. The men went over the possible sites, canvassed the financial and operating and probable cost of the sized pool which would be required locally.

The result of the consultation and information secured from the state engineer were included in the comprehensive report of the club, which will be presented to the Lions' club on Wednesday, full details which will later be presented to the west central and Pacific area states.

## Engineers And Elrod Control Experts View Glades Flooded Areas

Representative of the Corps of Engineers observed high water conditions in the Everglades area this week. Col. E. Teale, Jacksonville District Engineer announced today. Government hydraulic engineers and others prominent in flood control work from the Office, Chief of Engineers in Washington and the Division Office in Atlanta are now attending a conference being held in the Jacksonville office of the Corps of Engineers. They will accompany local engineers on a tour of the lake and the areas subjected to high waters and gain first-hand field information. Material collected by the club will be used in a comprehensive report of flood control and water conservation in the Lake Okechobee area.

## Bratleys To Fly To California For Conventions

Hugh J. Bratley, secretary of the Everglades Federal Savings and Loan company, accompanied by Mrs. Bratley, on the evening of September 14th, will take a plane from West Palm Beach, for a cross country air plane flight to San Francisco, Cal., where the former goes to attend the annual convention of the National Federal and Loan Association. He is a member of one of the important committees scheduled for session on September 16th.

Following the San Francisco convention the Bratleys will visit the Yosemite forests and then on to Los Angeles, Cal., where Mrs. Bratley will be one of the delegates from Florida from the B. P. O. club.

## Activities Of Our City Fathers For Year Reviewed

The City's Business Is Departmental And Is Producing Results

We have five men, the City Commission, who have handled OUR BUSINESS - the operation of our City - this year, and now that we are going to fill three places on this Board, let us review the work of our managers during the past year.

We have about 4,000 customers, made up of water customers, sewerage and people who buy licenses. From these people we get about \$240,000 a year.

There are 6 departments - water, police, fire, street and public works, and the office and fund. How have the customers been treated? What have we done to improve the business systematized or run haphazardly?

To begin with, the City Commission has been relieved of the necessity of wearing three caps to do the job which is being served in at the moment - police, fire or jailer. We have the customers being treated in a better way.

If you borrow more than \$500 from a bank you must submit a financial statement - if you borrow more than \$500 from a bank you must submit a financial statement - if you borrow more than \$500 from a bank you must submit a financial statement.

## School Safety Patrol

The Safety Patrol, which functioned at the High School last year, will again be on duty this year. It is a group of students, supervised by the City Police Department, which will patrol the streets around the school.

Back in 1931, while residing in his sister's home at Eugene, Oregon, Mr. Bratley received an airmail letter from his brother, who had been in the military service. He had been in the military service, and he had been in the military service.

## Junior College Is Hoping For New School Home Site

The Glades schools graduate many students each year, and many of them in the following fall go away to schools of higher seats of education. The Palm Beach County Junior College, operating as a part of the county school system, has welcomed many students from the Glades area, and has been enrolled for the coming fall semester.

The college has been located in connection with the High School, but it appears that successful negotiations with the Government and County may bring about a new location on the western portion of what was known as Morrison Field. Buildings already on the field would be revamped for school purposes, as well as for the housing of out of town students.

Attendees at the Junior College Commission meeting on the first of the first two years in regular college courses, at a very much reduced price, and money means much to many of the families and the students in this education gaining program.

The parking meters which have been installed in the city are the property of the Rhodes Machine Company of Hartford, Conn., and contrary to the rumors, have not cost the city of Belle Glade a penny from municipal funds.

The City Commission permitted the introduction and installing of parking meters, as a means of providing more fluid traffic and proper parking area, and as a means of providing more fluid traffic and proper parking area, and as a means of providing more fluid traffic and proper parking area.

For some weeks past now the city has not been enforcing the overtime parking law, as the people again come back, which they are doing. The City Commission will again be on duty this year.

## Register Roll Increases

The largest registration that Belle Glade has ever recorded is announced by City Clerk A. L. Wallis. Due to the Chamber of Commerce campaign, and the interest of certain political interests, about 200 new registrations have been filed, bringing the total to over the 1000 mark. Registration books will close at 5 o'clock, and the roll will be closed on September 9th.

Owing to large floods flooding the race track plant at Ft. Myers, the management has called off the race meeting which was to have been held there on August 31-Sept. 1.

## Thousands Expected To Attend RDB County-Wide Pahokee Outing On Labor Day, Sept. 1

City Commends Library Board For Its Fine Work

The City Commission in its regular meeting on August 13th heard the report on the activities of the Library as was submitted by the Board. After hearing this excellent report, the City Commission directed me to write this letter commending each of you and other members of the Library Board for the efficient manner in which you have conducted this program.

Your City Officials are cognizant of the value of this cultural program to the entire community, and we recognize your success and achievement with thanks and appreciation. In recognition of your progress and splendid achievement during the past year, the City Commission has seen fit to approve a grant with commendable increase for the library program. This fact I am sure will be gratifying to the entire Library Board.

May we look forward to assisting you in this very worthwhile program for another year.

Respectfully yours, H. O. Earwood, City Manager, CITY OF BELLE GLADE

At a meeting held the 20th, of this month at the local airport between the commercial aviators and Mr. Wm. Lazarus, of the City of Belle Glade, the City Commission permitted the introduction and installing of parking meters, as a means of providing more fluid traffic and proper parking area, and as a means of providing more fluid traffic and proper parking area.

## Lutz Family Back From Canadian Tour

Mr. and Mrs. Kenneth Lutz, and family, have returned home from an extended motor sight seeing trip which took them up Route No. 1, from West Palm Beach into Maine its northern terminus. They made extensive tours in Maine, New Brunswick and Newfoundland. Mr. Lutz stated that weather conditions were of the best and just cool enough to be invigorating and found the scenic views of a most delightful character.

In the Canadian provinces they found things rather rugged, and the places visited high in the ranks of the state of New York. It was from this same state that Dr. T. J. Miller, who was named as its president for a term of years.

## Phil O'Connell, M. Wilcox J. Harper To Speak Full Day's Program

Every road in Palm Beach county will open territory for the throngs which are expected to be heading for the Pahokee State Market, where the county wide outing is being staged by the RDB, as a good way measure to the Glades from the rest of the county, on Labor Day, September 1st.

This big event is wholly an Eastcoast promotion, and the Pahokee market was chosen, because of its large shelter area, in case of inclement weather, and for its parking space, and room for the providing and serving of the big barbecue menu, for 5,000 or more expected guests.

John Bollinger's committee is making a good preparation of the arrangements, and the Pahokee committee, composed of Mr. O'Connell, M. Wilcox, Frank Rotelle, A. C. Santo, and Luke Wrasche are cooperating with the RDB in this big event. Mr. W. B. J. Dick, Dick LeFlore, Harold Rubin and W. P. Risk of Belle Glade.

## CELEBRATES BIRTHDAY WITH LAWN PARTY

Two year old Vicki Sue Hollingsworth celebrated her birthday last week with a lawn party given by her parents, Mr. and Mrs. F. E. Hollingsworth, Jr.

A pink and white cake scheme was carried out in the decorations as well as the cake. Individual cakes along with other refreshments were served the children.

Those attending were Craig Boote, Stuart Boote, Michael Berryhill, Ronnie Thomas, Pat Webster, Annett Collins, Linda Fay Collins, Brenda Kaye Collins, Richard Hodges, Doty Ann Sewell, H. S. Sewell, 3rd, and Eddie Pope.

**REBEKAH'S OBSERVE GARDENIA NIGHT** Belle Rebekah Lodge No. 21, 100 P. M. last week observed Gardenia lodge night when a delegation of members of that lodge, came out for an evening of work, pleasure, and for particular missions.

During the evening, Mrs. Elizabeth Spear and Mrs. H. P. Dawson presented the lodge with a memorial table cloth for use in special ceremonies. Mr. and Mrs. Dawson also presented a beautiful Altar Bible. These gifts were much appreciated.

The Rebekah degree was also well conferred on Mrs. Marvin Hendry, Jr., by the combined staff of the two lodges. Four members were honored with bracelets. Miss Sara Diaz, Mrs. Clara M. Gledhill, W. F. Robertson and J. H. McTegart, and a first pot luck dinner was served in honor of this event.

**BLESSED EVENT** Mr. and Mrs. Alfred Vadász of South Bay, announce the birth of a daughter, Mary Karol, at Good Samaritan Hospital on August 22.

Rent Advisory Board  
Appointed By Expediter

National Housing Expediter Frank P. Creedon has appointed a local rent advisory board for the Palm Beach Defense Rental Area, Mrs. C. E. Parsons, area rent director announced today. The committee was appointed from recommendations received from Governor Caldwell, in accordance with the provisions of the Housing and Rent Act of 1947 which became effective July 1. The Palm Beach Board, which will serve without compensation, consists of the following persons:

Frank J. Anderson, of 727 Sunset Road, West Palm Beach, Florida. Occupation, Realtor.

O. A. Dunnagan, of 302 Golf Road, West Palm Beach, Florida. Occupation, Business Agent for the Carpenters' Union.

Luther Jones, of Belle Glade, Florida. Occupation, B-111 Glade Herald publisher.

John Moore, of Post Office Building, Delray Beach, Florida. Occupation, Attorney and Veteran.

WHEN  
NERVOUS TENSION

Interfere with your sleep! Spoils your good times! Irritates your friends!

Those occasional nights when nervous tension keeps you awake—are you most vexed the harder you try to sleep? Those days when tension makes you irritable and jumpy—are you crankier and more restless when you try to fight the feeling?

Miles Nerveine can help you on days and nights like these. It has been making good for more than 60 years. CAUTION—use only as directed. Get Miles Nerveine at your drug store. Effervescent tablets, 25¢, 50¢, 100¢, 250¢, 500¢, 1000¢. Miles Laboratories, Elkhart, Indiana.

## Miles NERVEINE

1. Control of a defense-rental area or any portion thereof;

2. The adequacy of the general rent level in the area, and

3. Operations of the local rent office with particular reference to hardship cases.

Within 30 days after receiving any recommendation of a local board, "appropriately substantiated and in accordance with applicable law and regulations" the law provides that the Housing Expediter must approve or disapprove the recommendation, or notify the local rent advisory board in writing of the reasons why final action cannot be taken within 30 days.

The rent advisory board may also consider individual adjustment cases coming before it and make recommendations to the local area rent director. However, official orders changing maximum rents and other rent orders will continue to be issued only by local area rent directors as they have in the past.

Mrs. Parsons said the board will be provided with office space and facilities, including stenographic service, at the area rent office at 117 1-2 South Dixie, West Palm Beach, Florida. There will also be made available to the local boards any records and other information which they may require as to the establishment and maintenance of maximum rents and housing accommodations in the area.

San Land Sweet Potatoes In Good Market Demand

Those farmers over in the sand lands around Indiantown are producing a fine harvest of sweet potatoes, which have an excellent marketing appeal. "Rip" Hooks is now harvesting his crops of potatoes, which has been sold in its entirety to Fomville and Sons, of Palm City, N. C., who are shipping out a car a day for placement on the northern city markets. These potatoes after being dug are washed, graded and packed in special containers and shipped in refrigerator cars.

Study About The America's

The Lake Harbor Baptist Woman's Missionary Union met on Thursday afternoon with Mrs. Jim Henderson leading the devotionals. Mrs. C. A. Revells was hostess and served delicious coconut pie and coca colas to all present following the program.

The topic for discussion was missions on South and North America's, all present taking part.

Those attending were Mrs. Zeke Partain, Mrs. Elbert Hester, Mrs. Ned Perkins, Mrs. J. A. Henderson, Mrs. H. Newman, Mrs. Revells.

Humble Oil Co. Pulls Tools At Test Oil Well

The Humble Oil Company, which has been working several months in sinking a test oil well near Loxatch, has removed all its heavy drilling equipment, and only the tail frame work remains on the site. Before leaving the site the Humble company poured thousands of tons of cement into the 12,000 foot hole, known as plugging and capping. No announcement has been made by the Humble corporation as to their findings in this test.

Lair Field Gets New Improvements

Lair Athletic Field at Pahokee, will put on a different complexion this season, as the field has been improved and leveled off in low spots; batteries of powerful flood lights have been installed, and additional section of wood bleacher seats will give several hundred more seating capacity. Coach Ally will have two assistants in handling the Blue Devils this season. The Pahokee lads come to Belle Glade this season for the big inter-urban grid clash.

also gained opportunity of be-  
coming acquainted with their  
fellow pedagogues prior to open-  
ing of the school.

Ray Browne, who does a lot  
of poultry raising out where  
he lives in Chosen. It seems  
that two ducks came off the  
nest with 16 ducklings in tow.  
Gradually one of the ducks had  
pilled all the other duck's  
eggs. Then the deserted  
mother set up such a duck-  
squawk that Ray had to replace  
some of her offspring with  
hens, but she was not satisfied  
until she got them all back.  
When this was done, his mother  
got her brood together, marched  
them in file to the near by  
canal, and with a flick of her  
head and a flirt of her tail  
set them off swimming down  
the waterway into the wilds.  
She was gone about a week, and  
returned without a chick.

Two of our citizens avowed  
to the fact that they wanted a  
mess of frog legs, so of an even-  
ing, they tied themselves after  
the leaping amphibians. It was  
not hard to get the mess desired.  
But, in returning home,  
some of the stunning frogs came  
to life—the car, and several  
went up under the woman  
driver's skirts, and created  
such a frightening panic, that  
the car escaped a near wreck.  
The man, in cleaning the jump-  
pers, himself got ill, and those  
frog legs are still on ice in the  
refrigerator awaiting till he can  
eat himself calmed enough to  
eat and stomach them.

Better push to attend that  
big Labor Day celebration at  
the Pahokee state market. It  
will be a big time, good speech-  
es, eat and evening dance.  
This is one that Glades people  
are the recipients of events of  
the day, as prepared and finan-  
ced by our Eastcoast friends  
in West Palm Beach, as a ges-  
ture of friendship to us. These  
ties of inter-community friend-  
ships cannot be censured too  
strong, for both areas are more  
or less dependent upon the  
other.

Our winter citizens and field  
labors are starting to roll into  
Belle Glade with much regu-  
larity these days. This fact is  
noticed in the number of  
parked cars, and merchants  
state that their cash registers  
and tills reflect increased busi-  
ness.

The Manley Construction  
company is operating a fleet  
of 14 large capacity trucks,  
in the hauling of rock from the  
South Bay pit to the road im-  
provement job. Each of these  
trucks are making around 10 to  
14 round trips a day, and that  
means a huge tonnage of rock.

The call for funds to meet  
the cost of painting and dec-  
orating of the new Belle Glade  
hospital, have been met, by the  
generous underwriting of the  
civic clubs of the city.

The Indian River Rod  
and Gun Club has taken over a  
recreational program, which in-  
cludes a fine and commodious  
club house on the shores of  
Blue Cypress Lake up in that  
county. B. L. Holman, has  
donated 25 acres for a recre-

ational ground and Hamp Sur-  
rery, given fishing rights  
on the 28 acre lake. While one  
of the best fishing waters in  
that section; Cypress Lake has  
been practically inaccessible  
for the fishermen, but the  
club plans building inlet roads  
from the main highways to the  
camp.

Federal engineers survey  
groups, headed by some of the  
best experts of the Govern-  
ment, are making a Wild Life  
survey of Palm Beach County  
with a view of filing an addi-  
tional brief on their findings,  
to be included in the Army  
Drainage and Flood report.  
They are looking into fish life,  
game conditions, forestry pro-  
tection, and conservation areas.

Elmer Burgess, who edits  
and writes trenchant sport ar-  
ticles for his paper, "The  
past week came out with  
an article in which he chastised  
the meddling of one Conserva-  
tion Board with the business  
of another, and the attitude  
taken by certain state poli-  
ticians.

Burgess is a friend of the  
Commercial fishermen and has  
been fighting for them to have  
uninterrupted fishing rights on  
contested waters in the state,  
as well as the right to make  
a livelihood. He claims that  
the net of the commercial  
fishing boats do more to eradi-  
cate the predatory fish, gar,  
shad, catfish and bream, than  
the State Game and Fresh  
Water Commission will ever  
do. He avers that bream  
mother out all the black bass  
while a favorite pan fish, can  
in a short time, if their propa-  
gation is not kept down, and  
then removed from their fam-  
ily waters and then there will  
be no black bass for sports  
fishing.

During the war our boys  
sacrificed their blood for the  
nation. Now, back in civilian  
life, there are many instances  
where they have freely and  
voluntarily gave their blood  
for the same purposes, for  
their buddies or members of  
their families. There is a  
sort of tie between the vet-  
erans that unites them into a  
singular class of their own. At  
times they maybe "tough bab-  
ies" if conditions require, and  
again he may be kind,  
thoughtful and generous as  
any on earth.

**Congregation Presents  
Purse To Rev. Wood**  
At the Sunday evening ser-  
vice at the Presbyterian church,  
the speaker was Mr. Froelich  
of West Palm Beach, a man 81  
years of age, a former lay-  
minister of the Methodist  
church, who gave a remarkable  
sermon on the "Power of the  
Holy Ghost."

On last Wednesday night,  
Rev. Ryan Wood, pastor of the  
Memorial Presbyterian church  
of West Palm Beach, gave the  
last of his church and doctrinal  
addresses, leading up to the  
congregational church institu-  
tion the coming month.

The membership sprang a  
surprise on Dr. Wood, when  
they presented him a purse of  
money, as a token of appre-  
ciation of his special services.  
A resolution was also passed  
thanking Louis Hawkins, pres-  
ident of the men's class, and  
his speakers, for the work he  
has done in providing Sunday  
evening speakers.

Prior to the church institu-  
tion the congregation is to  
hold a session at which time  
permanent church officers will  
be selected, and those chosen  
will later be confirmed or in-  
ducted into their offices, for  
the period of their election.

**Court Orders  
Barbershop Closed**

Luther Carroll, who some  
months ago purchased a barber  
shop from "Cy" Malloy, under a  
purchase and agreement that  
Malloy should not again engage  
in business here for a three-  
year period, won his suit be-  
fore Judge C. E. Chillingworth  
the past week. Contrary to  
Malloy, after selling out, broke  
his agreement, and opened up a  
new shop near by his old stand.

Judge Chillingworth heard  
only one witness, Malloy him-  
self, when he ceased the hear-  
ing, and granted Carroll his  
petitioned relief, and directed  
that Malloy permit him to  
his shop and fulfill his contract  
agreement.

**Big Shrine Reunion**

The Shrine of Miami and  
south Florida are to have their  
fall reunion in that city on Sep-  
tember 25th, and plans are be-  
ing made to make it one of the  
largest and best reunions yet  
held, placing emphasis on the  
street parade, in which many  
bands will participate.

### Big Cattle Ranch Deal In St. Lucie

The building of that short cut spur of the FEC from Olympia to Ft. Pierce, is one of the

causes of opening of a large territory along its way for cattle ranches.

The Woodland Corporation of Ft. Pierce has just closed a deal where it transfers title to 15,400 acres of grazing lands in the Allapattah flat section, to the Spur Ranch, Inc.

The new corporation plan extensive improvements on the land prior to putting in large herds of stock cattle. Some of the land will be devoted to citrus and farming projects. A 16 mile drainage canal of large dimensions, with protecting dikes, among the improvements contemplated.
